Breakout Session Descriptions - Breakout will take place simultaneously. Please make sure to register for ONLY ONE of the breakout sessions.

Recruit the Recruiters - Retaining and recruiting talent in today's tight labor market requires a different approach. To be successful, companies are learning that working together is their best chance at deepening the pool of great talent in the MSP region. Come learn from your peers in Human Resources and Talent Acquisition on how they are collaborating through Make It. MSP. to attract and retain talent. In this peer-led session, you'll gain the latest tools and insights for employers, while engaging in how you can work together with your competitors to realize shared success.

Regional Talent Solution Jam - Make It. MSP. has been knocking down barriers and building solutions to some of our region's most pressing challenges. Each solution has been the result of collaboration across sectors, backgrounds and personalities. In this session, we invite you join us in collective problem-solving and work with others to *hack-a-problem* that has been identified by the Make It. MSP. team. Engage in the challenges of the initiative and bring your ideas, stories and unique backgrounds to help generate solutions. No technical background is needed to attend this session.

Creating a Culture of Inclusion - The MSP region has many attributes and strengths. However, not everyone shares in the prosperity and success of the region. Join us as we explore the changing demographics of our region and how we work together through Make. It. MSP.'s platform to foster a region that is truly inclusive of people of all backgrounds and cultures at work and in the community.

Cultivating Connections to People & Place - How do we cultivate communities of connection that meet an individual's desire to connect to people and place? In this interactive session you'll have the opportunity to learn about the data and tools that have been developed by Make It. MSP. to support building communities, including forging connections between newcomers. You will also have the opportunity to share your own stories and ideas for how we foster connections.
