DESCRIPTION OF FACILITY CHARACTERISTICS:

The Wright County Jail opened in April 2009. The County Jail houses pre-trial detainees and individuals with sentences up to one year. The Jail is a one level, 120,000 Square Foot structure with an initial capacity of 352 inmates, with core facilities to serve up to 600 beds. The Jail is organized along a central corridor with core support functions on one side and housing on the other, allowing these two very different functions to expand independently as needed. The core support area includes a drive-thru vehicle “sally-port”, intake center, medical clinic, food service and laundry, loading dock, exercise and education. Jail Administration, video visiting, and Master Control are located adjacent to provide clear points of public access. Provisions are made for a secure corridor connection to future courts. Jail housing “pods” are constructed with pre-cast concrete cells stacked on two levels around an open two-story dayroom, with clerestory windows introducing natural daylight.
Two distinct management styles are provided: large “direct supervision” pods for inmates deemed generally cooperative and non-violent, and smaller “indirect supervision” units for individuals needing more secure accommodations. All cells are served by a “rear chase” providing easy access by maintenance staff to plumbing and mechanical systems. Central heating and ventilating equipment is located on a third level penthouse above each housing complex.

The Wright County Sheriff’s Office is the 3rd largest sheriff’s office in Minnesota. WCSO provides law enforcement services to the unincorporated areas of the county and additionally contract police services with 13 cities. There are eleven divisions within the sheriff’s office: Administration, Bailiff, Civil Process, Communications, Community Services, Corrections, Criminal Investigations, Patrol, Recreational Enforcement, Special Investigation’s Unit (Narcotics), and Warrants / Transports.

**Philosophy and Goals**
Wright County Jail will provide for, in a cost effective manner, the confinement and well-being of persons lawfully detained or sentenced for violations of law. Safety for the citizens of Wright County, staff, and inmates will be our primary goal. A positive atmosphere will be created for both staff and inmates through training for Corrections Staff, incentives for inmates through a classification system based on behavior, and access to a variety of programs to help inmates grow in a positive direction to assist their re-entry into the Community. The Jail Staff are committed to the preservation of the individual constitutional rights as well as to provide for the basic needs of inmates housed in our Jail.

**Wright County Mission Statement:**
The Wright County Sheriff’s Office, in partnership with the community, is committed to improving our quality of life. We uphold the Constitutions of the United States and the State of Minnesota, and dedicate ourselves to maintaining order, protecting life and property, reducing the fear of crime, and ensuring a safe and secure correctional facility. We hold ourselves accountable to the guiding principles of integrity, professionalism, caring, and fairness.

Guiding Principles:

- **INTEGRITY**
  We pride ourselves on upholding the highest ethical standards that guide us to serve in a trustworthy, truthful, and honorable manner.

- **PROFESSIONALISM**
  We inspire trust and cooperation within the community and the Sheriff’s Office. We are well-trained, highly motivated, progressive and innovative while providing responsive and quality service.

- **CARING**
  We are compassionate and respectful. We are approachable, understanding, and considerate of the needs of all people.

- **FAIRNESS**
  We are equitable, just and consistent. We serve the community and each other in an unbiased and impartial manner.

**Commitment To Service**
Wright County’s location just west of the Twin City metropolitan area has contributed to its rapid growth in recent years. The Sheriff’s Office has continued to meet the challenge by providing quality, efficient, cost effective law enforcement services to the citizens of the county.

This division is responsible for the incarceration of Wright County prisoners for up to one year, as licensed by the Minnesota Department of Corrections. The present Wright County Jail was built in 2009 and has a licensed capacity of 224 inmates.
