

**AGENDA**  
**Wright County Northwest Quadrant Plan**  
**Aggregate Committee Meeting #2**

Thursday, April 3, 2008  
1:30pm

Wright County Government Center Room C118 (Sheriff's Conference Room)

**I. Guest Speakers**

Heather Arends - Industrial Minerals Geologist, Minnesota Department of Natural Resources, Division of Lands and Minerals

The Division of Lands and Minerals manages the state's mineral resources for the benefit of all Minnesotans and provides a range of real estate services supporting the resource goals of the department. The Division manages mineral exploration and mine development on state-owned and tax-forfeited lands in Minnesota to generate equitable rental and royalty income for the state's School and University trust funds, local communities, and the state's General Fund.

Equally important is the Division's stewardship of state lands for future generations. The division is responsible for ensuring that mineral development is environmentally sound, and mined areas are reclaimed to be safe, free of pollution, and suitable for future use.

Fred Corrigan – Executive Director, Aggregate and Ready Mix Association of Minnesota

Fred came to ARM in June, 2003 from The Minnesota Transportation Alliance where he was Executive Vice President and worked with many ARM members on funding for transportation projects in Minnesota. Fred is a registered lobbyist in the State of Minnesota. He is Chair of the Executive Committee of the Center for Transportation Studies at the University of Minnesota and represents ARM at the Transportation Engineering and Road Research Alliance (TERRA). Fred currently serves on the Scott County 2030 Comprehensive Plan Update Process Steering Committee. Fred and his wife Linda live in Prior Lake. They have two children and two grandchildren.

**II. Questions?**
