

Metro Public Health Immunization Clinics January – June 2019

- The Public Health Immunization Clinics offer all recommended vaccinations for children and some vaccines for adults.
- Some vaccines are supplied by the Minnesota Vaccines for Children (MnVFC) Program for children 18 years and younger who: 1) do not have health insurance; 2) whose insurance does not cover vaccines; 3) have Medical Assistance or other Minnesota Health Care Program; or 4) are American Indian or Alaskan Native. An administration fee is requested, but eligible children will not be turned away if unable to pay.
- Clinics have vaccines supplied by the Minnesota Department of Health for adults 19 years and older who are uninsured or whose insurance does not cover vaccines.
- Some clinics are able to bill insurance, MinnesotaCare, or Medicare.
- Please call the specific county for payment options, information on administration fee, type and cost of vaccines available, cost and availability of travel vaccines and services, and cost and availability of vaccines and documentation to meet I-693 vaccination requirements.
- Services are subject to change; call the specific county if questions.
- **Parents or legal guardians must accompany those under age 18. Please bring immunization records with you.**
