

Notice Concerning Electrical Wiring

Your building permit does not include electrical wiring.

A separate "Request for Electrical Inspection" must be filed with the Department of Labor & Industry at or before the start of any electrical wiring.

An owner may install wiring only on premises he occupies as a residence or will occupy as a residence upon completion of construction. It is unlawful for any person to assist an owner in installing electrical wiring, unless that person is a properly licensed employee of a licensed electrical contractor and the electrical contractor has agreed to do the work. An owner may not install electrical wiring on residential property that is rented, leased, or occupied by others.

Wiring that is to be concealed must be inspected before insulating or covering the wiring. Where wiring is concealed without inspection, the person responsible for concealing it will be responsible for all costs for removal of covering material for inspection.

If electrical wiring is to be done by a licensed electrical contractor, the electrical contractor is responsible for filing the "Request for Electrical Inspection" and calling for inspections.

Additional information regarding fees and inspection is available upon request.

If you have any questions, please contact your local inspector. The inspector's office hours are 7:00 am to 8:30 am weekdays.

ALL NEW RESIDENTIAL CONSTRUCTION, INCLUDING ADDITIONS AND REMODELING, REQUIRES INSPECTION BY THE STATE ELECTRICAL INSPECTOR. AN ELECTRICAL INSPECTION CERTIFICATE IS REQUIRED.

Please contact **Bill Husom or Rod VanOrt** for inspections. Calls are to be made between the hours of 7:00 am and 8:30 am, and a 24-hour notice is required.
